

Term 5 – May 2026

Success Across Our Curriculum

The progress shown in school work this term has been excellent and should be celebrated. Students have shown great effort, determination, and resilience while completing both Functional Skills and Entry Level work. Their positive attitude towards learning, willingness to keep trying, and consistent engagement have been very impressive. The commitment they have shown is helping to build confidence, independence, and important skills for the future. Students have also done very well in their Childcare and Catering work, showing excellent commitment and enthusiasm in both practical and written tasks. They have worked responsibly, followed instructions carefully, and shown good teamwork skills throughout. It has been wonderful to see their confidence grow and to see the pride they take in their work. Their dedication and positive attitude in these vocational areas should be highly praised.

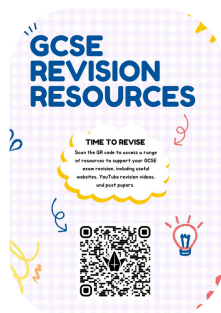

Enrichment has been great fun!
Enjoying sessions at bowling amongst other places.

At BFA we recognised mental health awareness week, wearing green on Thursday to show our support.

SWAN-UK is a charity close to our hearts here at BFA. This year we raised money by our headteacher- Alex Davies - Getting her haircut by one of our students. Well done to all involved and to all that donated.

Exams have gotten off to a fantastic start, with 100% attendance and excellent engagement across all core exams. Students have approached the exam period with a positive attitude, showing focus, maturity, and determination throughout. It has been extremely pleasing to see everyone arrive prepared, work hard, and give their best effort during each exam. The calm and respectful approach shown by students reflects the commitment and resilience they have developed over the year. Well done to everyone for such a strong and successful start — keep up the excellent work and positive attitude moving forward.
